

COVID-19 Relief Funds Grant Recipients

Oregon Small Business Relief Fund Awards

Business Oregon released the latest of the state's recovery efforts for Oregon small businesses suffering in the wake of the COVID-19 pandemic—funding to stand up local small business grant programs across the state. The Oregon Legislature and Governor Kate Brown allocated \$5 million from the state's General Fund, which we combined with another \$5 million redirected from existing programs at Business Oregon.

Round 1—eligible applicants are cities, counties, and economic development districts that have existing small business COVID-relief programs or will stand up new programs to issue grants to local small businesses.

Round 2—eligible applicants are community development financial institutions (CDFIs) and economic development districts (EDDs).

Round 3—eligible applicants are cities, counties, and Economic Development Districts (EDDs).
