Needs Analysis

Broadband Internet Access

27% (1.17million) Oregonians have no access or inadequate access

Home Internet Service

30% of families cannot afford access or are turned away by internet service providers

Access to Devices

14% of Oregon students do not have access to a computer, laptop, or tablet at home

Digital Literacy and Knowledge

163 out of 164 districts surveyed in April described the need for professional development related to digital and online instruction.

Summit & Summit Outcomes

What We Heard

- We must re-engineer and reinvent the student learning experience for now and for future success by engaging their strengths and curiosity.
- We need strong momentum, commitment, and unified voices across Oregon to meet urgent family and student needs.
- We must create sustainable opportunities to meet urgent needs and build a stronger Oregon future.

Current Investment Opportunities

- Online learning tools & professional development for how to use these tools
- Devices to achieve a 1:1 student/device ratio
- High quality, adaptable, culturally responsive, and effective online curriculum
- Family Support

Education Partners' Investment

1. Support OBDD in distributing \$20 million
2. Provide guidance on ESSER Fund Applications
3. Partner with ESDs and School Districts to Establish Regional and Statewide Professional Development
4. Engage Families in Digital Literacy and Safety
5. Support Adoption and Implementation of LMS
6. Host the Oregon Open Learning Hub
